BITCOIN CASH CITY CONFERENCE // SPONSORSHIP OPPORTUNITIES
QUAYSIDE TERMINAL TOWNSVILLE // SEPTEMBER 4 - SEPTEMBER 5, 2019

BITCOIN CASH CITY CONFERENCE

2019

Presented by BCH Pacific Limited

BCH Pacific Limited is proud to host the Bitcoin Cash City conference in North Queensland, Australia. North Queensland has the highest Bitcoin Cash BCH merchant adoption per capita in the world and Townsville has become known internationally as Bitcoin Cash City (<https://marcocoino.bitcoin.com/>). Certain circumstances have led to an opportunity to host an inaugural Bitcoin Cash City Conference where people can experience Bitcoin Cash, a peer to peer electronic cash system, as the White Paper describes.

On the 2-year anniversary of Bitcoin Cash, we have attracted executive developers, entrepreneurs, top miners and legal experts as our speakers. Such combinations will certainly bring industry insights, innovation inspirations and investment opportunities. Not to mention the conference brings the opportunity to network with like-minded people and future potential business partners.

Meanwhile, we have been closely working with local stakeholders and tourism service providers in order to ensure guests have an enjoyable time during their stay in the city. The event should be the largest and the most unique cryptocurrency conference ever held in Australia, we would welcome any sponsorships and partnerships to help make this event the best it can be and to ensure it is the first conference of a successful series in the coming years.

WHY SHOULD YOU SPONSOR THE CONFERENCE?

Increase visibility of your existing products and services by displaying brand logo in multiple locations.

Gain exposure to top organizations and industry experts.

Position the company as a trusted brand and an industry leader while being associated with primary organizations within the ecosystem.

Launch new product to a high volume of dedicated target audience.

Consolidate existing customer relations by inviting them to the conference (Sponsors will receive exclusive VIP tickets).

Enter new markets either in Pacific region or other areas by building the right connections.

Gain massive media exposure as we have a series of marketing strategies and media partners.

Enables more people to get involved in Bitcoin Cash through the distribution of free tickets to the event.
